BEST TIME TO REACH ME: any time BEST WAY TO REACH ME: email

During this biennium, we will be exploring possibilities to help the Texas State Organization of Delta Kappa Gamma achieve its vision of

***Leading Women Educators Impacting Education Worldwide.***

This means we will work together to

strengthen membership ties within the organization,

educate members on the benefits of membership, and

concentrate on offering the best service possible to members and chapters.

If you need help as a chapter officer or wish an answer to a Society question, please contact me for advice or information anytime during the biennium. Similarly, if you have suggestions or ideas for the state expansion committee to consider implementing, please send them to me as soon as possible. Opportunities for expansion are best known by your chapter so please share your ideas with the state leadership. As Immediate Past State President, I am interested in your chapter's continued success.

The Texas State Organization leadership and your chapter members are a team working to brighten the Society's vision of *Leading Women Educators Impacting Education Worldwide*. Effective and positive communication between the two will promote our impact on education. Thanks to each of you, our beam can expand to bring personal growth and professional success to women educators. Let's focus on sharing the opportunities for membership with others through expansion within our established chapters as well as working toward the installation of new chapters. Explore the possibilities that accomplish the purposes of DKG!
