I am the new Leadership Seminar Committee Chairman. This committee is responsible for planning and presenting a state Leadership Seminar for up to 30 participants, chosen from Society applicants. The seminar will be held the weekend of February 8-10, 2013 in Dallas. The purpose is to supplement and enhance leadership, communication, and management skills of Alpha State members. In addition, the seminar provides opportunities for individual professional and personal growth and as a result benefits the individual's chapter and our state organization, through the application of leadership skills gained. Encourage members of your chapter to apply for this honor during the Fall of 2012. This is a way to help individual members, in your chapter, gain and use leadership skills sharpened by attending this seminar.

My Goals

There are three goals for this biennium:

- 1. Identify activities used in past seminars that need to be continued that develop the strengths and skills of our member most beneficial to chapter growth.**
- 2. Use leadership and membership needs at the state and chapter level to design the Leadership Seminar experience.**
- 3. Communicate with the Chapter Presidents the benefits of encouraging a chapter member to apply for the 2013 Leadership Seminar as a path way to chapter and state leadership roles.**

If you wish an answer to a question, please contact the above chairman for advice or answers anytime during the year.

If you have suggestions or ideas that the state committee might implement, please submit them to the chairman named above.
