I am the new Program of Work Committee Chairman. This committee is responsible for promoting programs and projects for excellence in education. The committee shall support programs of action that promote the personal well-being, intellectual growth, and global awareness of women educators. Program and Project ideas are available on both the International website (click on Educational Excellence Committee, then resources) and on the Texas website (click on committees, then programs).

My Goals

1. Inspire each chapter to submit a program to be considered for the Annie Award for outstanding program.
2. Encourage chapters to develop programs and activities which support Early-Career Educators.
3. Encourage programs and activities that focus on educational excellence and increase members' personal and professional pride while increasing their global awareness.

If you as chairman of this committee need help or wish an answer to a question, please contact the above chairman for advice or answers anytime during the year.

If you have suggestions or ideas that the state committee might implement, please submit them to the chairman named above.
