

To all potential 83rd Convention Choir members:

Music plans are progressing as we follow President Joanne's theme and guidelines. The music will be inspirational, fun and easily rehearsed within our limited rehearsal times.

The music budget was cut significantly as were all budgets, trying to keep the dues increase as low as possible. With that in mind, we are not making/ mailing CDs. The cost of actual music will remain at \$15. Choir members will receive their music packets at the first rehearsal.

This is similar to Regional and International Conference choirs.

Instrumentalists are also needed.

More information will be provided in the Lone Star News.

Please contact Deborah Payne, chair, for further information.

NOTE: Music committee members are also gathering useful/tried and proven music tips to present at Area Workshops.
